## Negotiation – TRANSERVICE Bulletin #5

---

Brothers & Sisters,

We have received many calls with regards to the wages increased and reached in this tentative agreement.

To be clear, your bargaining committee has negotiated upon ratification of this tentative a signing bonus of \$1,800 for all Mechanic's and \$950 for all apprentice's.

This is above the yearly increase we negotiated.

You will also have the option to move this into your RRSP plan or into the voluntary portion of your pension plan or have the option to be paid directly to you in a separate payroll cheque.

Following ratification every member will receive an email from the company with information and a form to complete with a deadline to submit your request.

We hope this clarifies questions raised.

In Solidarity

### **Your Ontario Bargaining Committee:**

Gavin Parker-Nance  
Scott Shafer  
Jay Kay
